Cohen's Lottery and Exchange-Office.**Hoc signo Fortuna.**

BALTIMORE—WEDNESDAY, JULY 19, 1826.

Capital Prize already Paid.

In our last we mentioned that the great capital of THIRTY THOUSAND DOLLARS in the Grand State Lottery of Maryland, was owned in Norfolk, Va.; we have now permission to mention that Mr S. B. Werckmuller, of that Borough, is the fortunate owner of this splendid prize—the intelligence was immediately communicated to him on the arrival of the steam-boat on Friday morning, and we are gratified also in stating that on presentation of his ticket at our office in Norfolk, the CASH WAS INSTANTLY PAID, agreeably to that promptness and punctuality which (we may be permitted to say) has always characterised the lotteries in which COHEN'S OFFICES have been engaged.

This brilliant favour of Fortune seems to have been well bestowed, as from the *Norfolk Beacon* of Saturday last, we learn that "Mr. Werckmuller is a very respectable and industrious citizen, of middle age, with a large family of children. He has been engaged with his wife several years in a Millinery and Fancy Store, and in their efforts to please their customers, as well as in their general intercourse, they have blended with their usefulness a very accommodating and friendly disposition, which has conciliated much good will in this community, to whom the intelligence of their good fortune will afford much real gratification."

Of the TEN THOUSAND DOLLAR prize—one quarter and one eighth are held in Baltimore—the others are at a distance—none of the shares have yet been presented. We have only to remind the fortunate holders of these, as well as of every other prize in the scheme, that the CASH is ready, waiting their convenience, either to call or send to either of our offices, Baltimore, New-York, Philadelphia, Richmond, Norfolk, or Charleston.

Be particular in directing letters to

J. I. COHEN, JR. & BROTHERS.

Grand State Lottery of Virginia,

First Class, for the Benefit of

THE MONONGALIA ACADEMY.

This is a snug and very brilliant scheme, considering the small number of tickets and the very small risk, it being arranged on the *Odd and Even System*, by which there is a CERTAINTY of obtaining at least one Prize, by the purchase of two tickets or two shares, and may draw THREE! there being no restriction.

In addition to the orders already received from adventurers, we have had numerous applications from Venders in Virginia, who are now enabled to sell tickets and shares, the scheme being authorised by the Legislature of that State. Their orders as well of adventurers, will meet the same prompt attention as if on personal application. Address to

J. I. COHEN, JR. & BROTHERS.

Official List of the Drawing.

We continue on the 4th page of this day's Register the Official List of the Drawing of the Grand State Lottery, No. 7, which took place on the 12th inst. The holders of the prizes will please send them in as early as suits their convenience, either for payment or for renewal in the next lottery, scheme of which will be found on the next page.

THE "ODD" NUMBERS.—Adventurers will recollect, that although the Capital Prize in the STATE LOTTERY came out to an even num-

ber, thereby entitling all the even numbers to four dollars—it does not follow, that all the Odd numbers are in consequence, Blanks—such is not the case—for on examination of the list of drawing, it will be seen that a very large proportion of the odd numbers drew prizes, and amongst them a large number of considerable importance, viz. 25409 and 33319 each 5000 dollars—3705—24013—29989 prizes of 1000 dollars each, &c. &c.

SHARE TICKETS—IMPORTANT.—We wish it to be understood, that we do not consider ourselves responsible for the payment of any prize or prizes which may be drawn by any share ticket, unless such share ticket be issued from either of our Offices.

J. I. COHEN JR. & BROTHERS.

A committee of the City Corporation, accompanied by the Mayor, waited upon the venerable CHARLES CARROLL of CARROLLTON, on Saturday morning, at Doughoragen Manor, for the purpose of inviting him to be present at the funeral honors, which will be paid by the city of Baltimore on Thursday next, to the memory of the Patriots JEFFERSON and ADAMS. We subjoin a copy of the correspondence, shewing his acceptance of the invitation.

By the Committee of Arrangements, Resolved that the letter of the Mayor to CHARLES CARROLL of Carrollton, Esq. and his reply, be published.

BALTIMORE, 14th July, 1826.

The Hon. Charles Carroll of Carrollton,

SIR,—Not only in compliance with the resolution of the Mayor and City Council of Baltimore, but in accordance with feelings which the solemn occasion excites, the Committee of Arrangement have the honour to request and invite you to join in the ceremonies commemorative of the high veneration and respect due to the memories of the distinguished and illustrious compatriots, Thomas Jefferson and John Adams.

In the dispensations of an allwise and merciful Providence, it has been ordered that you alone survive the illustrious signers of the Declaration of Independence—What more distinguished respect can be paid to the illustrious dead, than the solemn ceremonies should be sanctioned by the presence of the only individual who united with them in the solemn and public declaration, "that the United Colonies are, and of right ought to be, free and independent."

With sentiments of great respect and consideration, I have the honour to be most respectfully your obedient servant,

J. MONTGOMERY, Chairman.

DOUGHORAGEN MANOR, 16th July, 1826.

SIR,—I request you to convey to the municipal authorities of the city of Baltimore, and to the Committee of Arrangement, my acceptance of their invitation to join in those ceremonies with which it is intended to commemorate the veneration and respect so justly due to the memories of the two departed and illustrious signers of the Declaration of Independence, who bore so conspicuous a part in that great event.

The testimonies of respect to be paid on this solemn occasion to the memories of citizens so deserving of public gratitude, will be a strong incitement to the present and future generations, to merit that esteem which disinterested patriotism sooner or later never fails to command.

Accept, sir, individually, my thanks for the honor you have done me on this occasion, and believe me to be with the greatest respect, sir,

Your most humble servant,

CH. CARROLL, of Carrollton.

In consequence of the demand for the last letter of Mr. JEFFERSON, which was addressed to the Mayor of Washington, declining the invitation to attend the celebration of the Jubilee of American Independence in that city, the Foreman of the Baltimore Patriot has been induced to reprint it in a neat form, on white Satin, calculated for framing.

Last moments of Mr. Adams.—The Boston Evening Gazette mentions, that about ten days previous to the Jubilee, a note was addressed to the venerable Adams, by the committee of arrangements, requesting his company at the celebration, in his reply to which he says, "I shall not be present in body, but in spirit I shall be with you." His signature to this letter is the last which he ever wrote. When he was awakened on the morning of the Jubilee by the firing of the cannon and ringing of bells, the servant who attended him asked—"Do you know, Sir, what day it is?" He replied, "Oh yes! it is the glorious 4th of July—God bless it—God bless you all." Mr. Whitney, the gentleman who delivered the oration, called on him with a clergyman, and found him seated in his arm chair. In the course of the interview, Mr. W. requested of him a sentiment for a toast at the dinner in the afternoon. He said I will give you "*Independence for ever!*" This was within an hour of his dissolution.

Science.—We learn with pleasure, that the prospects of the Western University at Pittsburg, are highly flattering: great commendations have been bestowed upon the class recently graduated at that school. The following are the names of the professors:

Rev. Dr. Bruce, Principal and Professor of Natural Philosophy, &c.

Rev. Dr. Black, Professor of Ancient Languages and Classical Literature.

Rev. E. P. Swift, Professor of Moral Sciences.

Rev. C. B. Maguire, Professor of Modern Languages.

Rev. J. Hopkins, Professor of Rhetoric and Belles Lettres.

U. S. Frigate *Brandywine*.—Orders have been received at New-York, from the Navy Department, to prepare the frigate *Brandywine* for sea in ten days. She is we learn, to proceed from that port for Norfolk, where she will take in her stores, and sail thence for the Pacific with all possible despatch.

New Post-Offices.—By a list in our possession, it appears that there have been established, in the United States, from the first day of January, to the first day of July, instant, Four Hundred and Seventy-three new Post Offices.—*Nat. Int.*

Mexico.—By the fast sailing Schooner Yellott, Captain Gould, at this port yesterday in 17 days from Vera Cruz, we have the intelligence that *Commodore Porter* has accepted the offer of the Mexican Government, and has been appointed Commander in Chief of the Mexican Navy. We regret to learn that Vera Cruz continued very sickly—markets were dull for every kind of produce and manufactures, and money scarce.

We observe by the Indiana papers, that the Brigade of Engineers, of which Mr. SHRIVER is the head, has arrived upon the ground of the proposed White Water Canal, the practicability of which is to be ascertained by actual survey, under the authority of the general government, at the request of the Senator and Representatives of that state in Congress. The operations of the Engineers were to commence immediately by a preliminary survey, to ascertain the practicability of connecting the waters of the White Water River with those of the Wabash.

The Next Lotteries....Odd and Even System.

MODE OF DRAWING.

The Numbers will be put into one wheel as usual—and in the other will be put, the Prizes above the denomination of Four Dollars, and the drawing to progress in the usual manner. The 12,978 prizes of Four dollars will be awarded to the odd or even numbers of the Lottery, (as the case may be) dependant on the drawing of the capital prize of Twenty Thousand Dollars—that is to say, if the 20,000 dollar prize should come out to an odd number, then every odd number in the scheme will be entitled to a four dollar prize; if the 20,000 dollar prize should come out to an even number, then all the even numbers in the scheme will be each entitled to a prize of Four dollars.

Odd Numbers end with 1, 3, 5, 7 or 9—Even Numbers with 2, 4, 6, 8 or 0.

This mode of drawing not only permits the whole Lottery to be completed IN ONE DRAWING, but has the great advantage of distributing the small prizes regularly to every alternate number in the scheme, so that the holder of two tickets, or two shares of tickets (one odd and one even number,) will be certain of obtaining at least one prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this scheme is not restricted from drawing an inferior one also—many tickets, therefore, will necessarily obtain TWO PRIZES EACH!

Those Numbers to which no prizes are affixed are prizes of Six Dollars each—those ending with either 2, 4, 6, 8, or 0, being even numbers, are entitled to Four Dollars additional, being equal therefore to Ten Dollars each.

All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

No. 31,320, an Even Number,

Having drawn the Capital Prize of THIRTY THOUSAND DOLLARS, agreeably to the Scheme every Even Number in the Lottery is entitled to a prize of FOUR DOLLARS, and in addition to whatever sum any of them may have drawn besides.

All Tickets therefore, with Numbers ending with 2, 4, 6, 8, or 0, are those entitled to the \$4 Prizes.

Many Tickets, consequently, have obtained TWO PRIZES EACH! for example, No. 8698, (see list above) having drawn Twenty Dollars and being an Even Number, is entitled to a prize of 4 dollars also; therefore, No. 8698 will receive Twenty-four Dollars, &c. Again, No. 26157, (see list above) having drawn a prize of Fifty Dollars, and being an Even Number, is entitled also to one of the 4 dollar prizes; consequently, No. 26157 will receive Fifty-four Dollars, and so on.
